The Mahoning Valley Schoolmasters' Club, which met in the Ohio Hotel last Friday evening was well attended.
Supt. C. C. Green of Beaver Falls
gave a very interesting discussion of
"Vocational Guidance." It was just "Vocational Guidance." It was just the type of discussion that one would expect at a school masters' club name ly, a discusiosn that would make others think. To be sure, there was a variety of opinion. This represented the mid-winter session of the club.

It will hold another meeting in April. Friday evening, Dr. N. H. Chaney, of weeks with Mr. and Mrs. Stratford, on Tuesday went to spend Supt. of Youngstown city schools, and the winter with his son, J. E. Neff, in both of whom have investigated the Its merits at the meeting of the Up-to-date Club in the Y. M. C. A. This promises to be a very interesting and

profitable meeting.

The Boardman corn and poultry show held last Friday evening was a great sucess. More than 150 birds were exhibited in the poultry display Mrs. Jack Carroll spent Tuesday aft-ernoon with Mrs. Mary Wehr and displayed. In the evening a poultry and about 37 samples of corn were discussion was very much enjoyed by ail whose good fortune it was to get into the room. The premiums in corn were awarded as follows: Class A. yellow corn, first premium, S. Detrow; second, O. H. Paulin; third, John Heintzelman. Class B. white or white cap corn, first, Clyde Ripley; second, Gunder Carlson; third, W. O. Sigle. Class C, mixed corn, first, Frank Dustman; second, Walter Smith; third, Howard Kyle. Class D, Sweepstakes, S. Detrow. Class E. best ear of vel ow corn, Frank Dustman; best ear of white corn, Cecil Sweeney; best ear of mixed corn, Kimpton Rayl. Best display of sweet corn, Margaret Frye. Best display of pop-corn, Margaret Frye. In the shelling test, first prize, Dwight Carlson; second prize, Cecil

Sweeney; third pr'ze, S. Detrow. The percentages were 88.2, 87.8, and 86.1. As a result of crowded conditions in the Boardman Centralized district the board of education at its meeting Jan. 17 ordered a questionaire to be sent out to all the voters of the township testing the sentiment for an additional building as well as for the addition of another year to the high school course. These questionaires were all to be returned to the clerk of the board of education within 3 days so that the board will be able at its meeting on Wednesday evening, Jan. 26, to take the necessary steps for relieving the congestion. We shall be able to report in this column next week the exact result of the questionaire sent

The people of Springfield township, oo, are beginning to question the efficiency of the one-room school. In nearly every school of the township is considerable dissatisfaction with the one-room school. Supt. Coursen is collecting information to present to the board of education at a meeting to be held in the near future The result of this information will determine what steps will be taken. It would seem as if Springfield township could at least consolidate its schools,

if not centralize them. The number of teachers off duty this week was considerable smaller than last week, but the average daily children, attended the lecture in North attendance on the part of the children shows little change The result of the basketball game

in the A. League between Petersburg

and Canfield last Friday evening was in favor of Petersburg with a score of 27 to 22. This gives Petersburg a good lead. In fact the game played in the Austintown gymnasium on the evening of the dedication would seem, in the light of the result of Friday evening's game played on Canfield's own floor, not to have been a fair test of the strength of the two teams. Let us watch Pet ersburg, Canfield and Boardman. No

reports have been received from the League nor from the grammar grades On Friday eening Boardman plays Struthers at Struthers, and Canfield plays Lowellville at Lowellville. In the B league. Coitsville plays Austintown at Austintown, and Science Hill plays East Youngstown at East
